

Dear Athletes,

I hope your training prep is going well for 106 West, building fitness for the epic day that awaits you. I wanted to reach out to you and advise you on the Packet Pick up process that is being put into place to assure you have the best race experience Human Movement can deliver.

FRIDAY PACKET PICK UP:

Packet Pick Up and Bike Drop Off will be held Friday September 9th, from 1pm- 7pm at the Dillon Marina parking lot. The Packet Pick Up Parking Plan will be released soon.

Please bring:

- PHOTO ID
- USAT CARD
- \$12 CASH TO PURCHASE A ONE DAY USAT LICENSE IF YOU DO NOT HAVE ONE, OR DID NOT PURCHASE ONE THROUGH REGISTRATION.

You will need to check in for bib number, timing chip, pre race swag, then drop off your bike at transition. Bikes will be checked in on Friday September 9, 2016 and left overnight in your transition space. Full bike covers are not allowed, you may cover your seats and handlebars. All full bike covers will be removed. Transition will be staffed with overnight security beginning at 7:00pm.

You will have access to your bikes and transition at 7:00am, with transition closing at 8:50am, race morning.

SATURDAY PACKET PICK UP:

Due to significant road closures, parking, and race day prep, Saturday Packet Pick Up will occur, for a short period of time, on Saturday September 10, 2016 from 5:00am – 6:00am.

Race Day Parking Plan will be released soon.

NO BIKES WILL BE ALLOWED IN TRANSITION AFTER 6:15am.

Road Crews will begin setting all road closure equipment beginning at 5:00am to make sure the bike course is completely closed to all vehicles by race start. If you wait until Saturday to check in, chances are you may encounter traffic delays and or closures. Athletes will not be given any privileges to road access, parking, or access to the marina. PLEASE PLAN ACCORDINGLY.

There will only be two staff members at packet pick up to check you in on Saturday, the packet pick up tent will close promptly at 6:00am. Those staff will then transition to readying the timing system for the race start. Staff's time is critical to every athlete's outcome, so please use Saturday as an emergency packet pick up only. We advise that you plan to attend Packet Pick Up on Friday September 9, 2016 and use Saturday as an contingency plan should you not be able to attend on Friday.

The Human Movement Team will be dedicated to getting final course prep done, aid stations supplied, volunteers delivered to their locations, final safety meetings, and setting you up for a kick ass day!
